

## **Remember Reach**

### **Short Pitch**

A website that informs people about the tragedy of Reach, from the video game Halo: Reach.

### **Long Pitch**

A site made with passion from a major fan of the video game Halo: Reach, it presents to readers the planet of Halo: Reach, and tells the stories of Noble Team, a group of super-soldiers dubbed “Spartans” who were there when the Covenant invaded the planet Reach, humanity’s most valuable planet. The information is concise, easy to access, and laid out in a very absorbable way for people unfamiliar with the game or franchise of Halo. It doesn’t encapsulate the nuances and greater context of the story, but it serves one purpose, which is to help people “Remember Reach.”

### **Personas**

Mark – Gamer (31)

Grew up with the Halo franchise. Wants to take a trip down memory lane and of course, remember Reach.

Linda – Student (17)

Has heard of video games, played some video games, and is interested in Halo. With Reach being the prequel game to Halo 1-5, and ultimately not crucial to starting the main games of the series, she may take a look at this.

Rafayel – Adult (26)

Has Xbox Game Pass, a rotational library of video games temporarily free to play, and is looking for games to play, where Halo: Master Chief Collection is an option. It encompasses Halo 1-4 with Halo: Reach and Halo: ODST. This website can be interesting.

### **Comparative Websites**

[https://halo.fandom.com/wiki/Halo:\\_Reach](https://halo.fandom.com/wiki/Halo:_Reach)

Wikipedia for Reach specifically, the whole website is a Wikipedia for all things Halo.

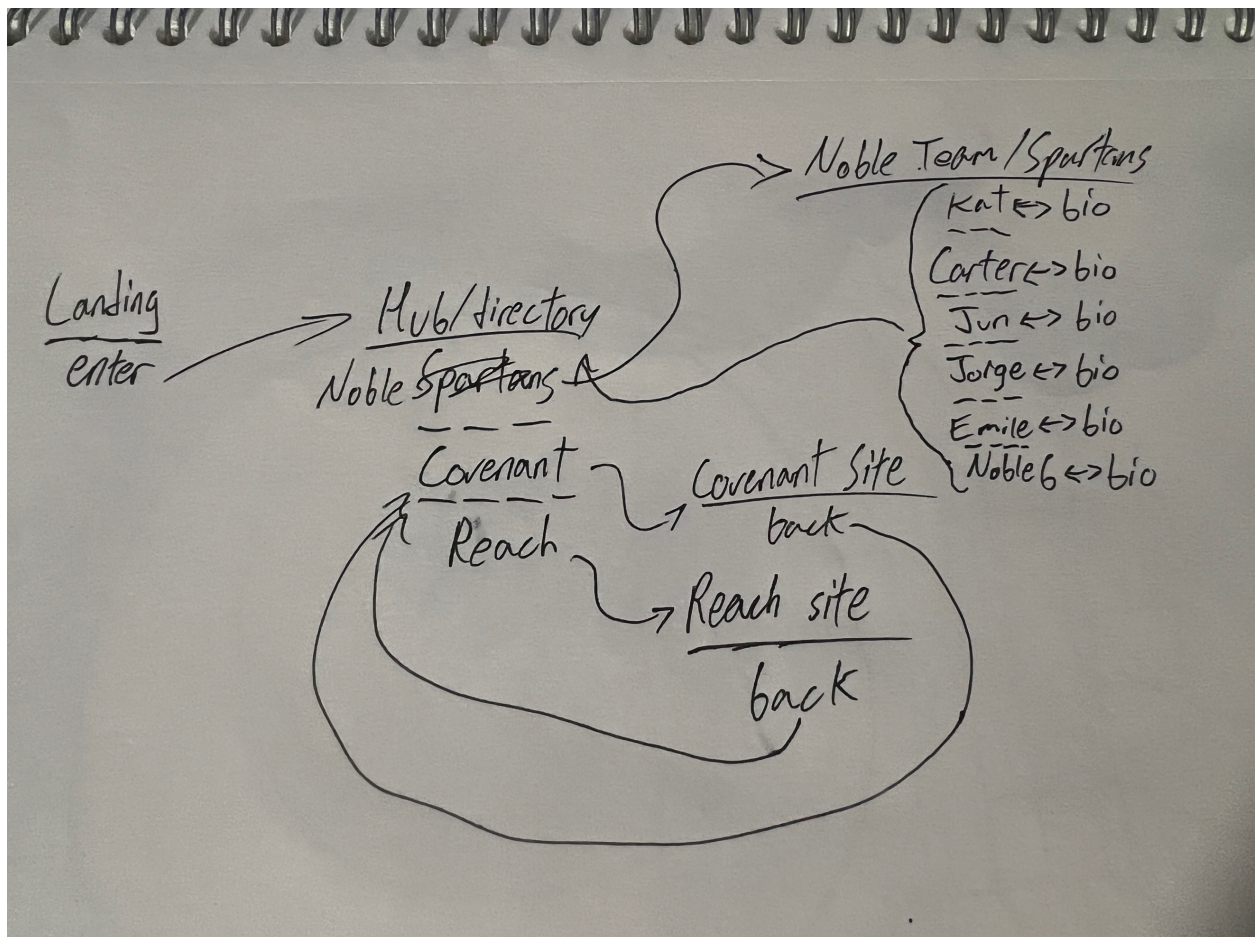

## Short-hand Flow

Users will arrive at the landing page where they are greeted to Reach and what is Noble Team (though they can only see their silhouette)

Upon clicking enter, they reach the “Hub” or directory where they can click on Noble Team, the Covenant, or Reach to learn more.

Clicking on Noble Team will lead to the lineup of Spartans in Noble Team, and upon clicking any of the Spartans it leads them to their biography.

Clicking on Covenant or Reach will lead to overviews, timelines, and legacies of the respective topic.
